DEVERILL WILTSHIRES

*Farming 750 ewes on
The Salisbury Plain – the home of the Wiltshire Horn*

We have been breeding and performance recording wool shedding sheep with SIGNET for over 18 years and are able to offer both registered and commercial Wiltshires as well as other polled stock for sale.

Choose **RECORDED** stock with **CONFIDENCE**

When you buy a ram you want to know its potential! We can predict with confidence how much a ram's progeny will add to your flock, both in terms of carcase value and maternal ability.....call to discuss your needs

Also breeding EXLANA and Barbados Black Belly Sheep

Our sheep eat grass and grass only we are not sponsored by a feed company!

Wiltshire Horn Sheep Recording Group

Working together to produce quality Wiltshire Horn sheep

The Wiltshire Horn Dual Purpose Breeding Index

has been developed in association with

Signet Breeding Services

- to improve flock productivity and profitability
- to enable informed breeding decisions and add value to our rams

The Index is calculated from Estimated Breeding Values (EBVs) which are influenced by measurement of a particular trait, related traits and information about relatives. Traits assessed include litter size, maternal ability, 8-week and 21-week weights, muscle and fat depths and mature size. For more detail see

www.wiltshirehorn.org.uk/enhancement/

Details of all Wiltshire Horn Sheep included in the Signet Recording programme can be found on the Basco website:

www.egenes.co.uk/bascosearchsheep/search/quick
